Re: Dead Creek Superfund Project

Dear Keith:

As requested, I'm providing the names, positions and addresses of those who have received information requests/PRP notices to participate in voluntary remedial activities at Areas I and II of Dead Creek. In addition, a copy of one such notice is attached. The information is being provided since it could also be obtained under the Freedom of Information Act. The status of negotiations and information obtained as a result of such notices, however, must remain confidential.

Should you have any questions concerning the notices or project in general, please feel free to call.

Very truly yours,

Christine Zeman  
Assistant Attorney General  
Chief, Environmental Control Division
